

# Bow, Bay & Garden Windows

Thinking of a room addition? The three-dimensional effects of a bow, bay or garden window will enhance the look of any room by adding space, light and viewing area to your home.

Your Imperial LS bow or bay window will come packed with features other manufacturers omit or charge extra for—such as Comfort Foam insulation in the frames, R-9 Super-Seat to fight condensation and energy loss, an exclusive welded sill pan and unique built-in weep system design, and so much more. You can choose from three- to six-lite configurations with casement, double-hung or picture windows, and a wide selection of options for customization.

Imperial LS GardenVue™ windows are specifically designed to be a beautiful and structurally sound addition to your home, and are a particularly attractive choice for kitchens or bathrooms. This unique window style features trapezoidal operating casement windows and

adjustable-height, PVC-coated shelves that are an ideal spot to showcase your indoor flowers or other houseplants.

No other window style will actually change the look and feel of a room like an Imperial LS bay, bow or garden window—and at a fraction of the cost of a major remodeling job.

## Super Seat™

Our insulated R-9 Super-Seat features high-density polyisocyanurate to fight condensation and significantly improve thermal efficiency.

## Weep System

Exclusive welded sill pan (highlighted in blue) eliminates water penetration. The unique design provides a built-in weep system and a smooth finish on the exterior surface of the seat board.
