WOLF
HOME PRODUCTS

More beauty

WOLF brings you a full line of beautiful PVC Deck and PVC Porch products with natural colors and a deep wood grain pattern that make outdoor living warm and inviting. We make it easy to enhance the beauty – and the value – of your home.

More free time

WOLF PVC Deck and PVC Porch are extremely low-maintenance, and guaranteed to perform. A periodic washing with normal household products removes dirt and debris and keeps your deck looking brand new. And, with color that lasts, you'll never need to worry about staining or sealing your deck.

WOLF uses industry-leading PVC technology that will not absorb moisture. It won't swell, rot, split, delaminate, cup or craze even under the harshest weather conditions. And, because WOLF PVC Deck and PVC Porch products are so durable, we offer them with a Limited Lifetime Warranty.

More value

All WOLF Home Products are designed to provide homeowners with premium-quality products at affordable prices. We have no national ad campaigns or celebrity endorsements. Instead, you get products made to industry-leading standards at a price you can live with. And since WOLF Home Products are available exclusively through select independent retailers, you also get the experience and service you need to buy with confidence.

More peace of mind

Founded in 1843 by Adam Wolf as a lumber store on the banks of the Susquehanna River in rural Pennsylvania, WOLF has been successfully engineering innovative building products for more than 165 years. We're still family-run, and every product that carries the WOLF name is backed by a six-generation reputation for quality and trust.

More satisfaction

By sourcing products from leading American manufacturers, WOLF Home Products creates jobs here at home while maintaining greater quality control. This enables us to achieve our primary goal: manufacture and deliver premium products – with all the strength, durability and long-term performance benefits of the top brands – without the premium price.

PVC Decking

It's easy step up to the beauty and durability of WOLF PVC Decking.

With WOLF PVC Decking, you get everyday outdoor living without the hassles and maintenance of traditional decking materials. Natural colors and a bold, raised wood grain pattern easily turn an ordinary deck into a beautiful outdoor living space. A special blend of PVC polymers provides a harder, more durable finish – year after year.

New England Grey

Avalon Sand

PVC Porch

Welcome home

WOLF PVC Porch combines the traditional look of fine wood porch flooring with today's low-maintenance, long-lasting PVC technology. Beneath your favorite rocker or treasured swing, WOLF PVC Porch will stand up to years of enjoyment. It cuts and nails just like wood, but has a hard, durable surface that resists moisture, swelling, shrinking and cracking.
