

DOORS & WINDOWS

*Welded Aluminum Storm Doors*

*Welcome Home*

**Arc-Welded Corners**  
HGI's metal inert gas (MIG) welded corners provide the strongest door available, in fact the corner is the strongest point on the door. Storm doors that are screwed together loosen, rattle & sag over time.

**Unique Pocket Hinge**  
Our nested hinge provides strength where it is needed most. As the frame of the door carries the weight, the hinges are not being pulled from the door during operation like competitor's doors. Our hinges are self-lubricating and maintenance-free.

**1 1/4" Thick .062" Heavy Gauge Aluminum**  
Our premium aluminum is dent resistant and sturdy enough to provide years of beauty and performance.

**Cove Molded Frame**  
Our unique cove molded frame profiles offer beauty and style to your front door.

**Tempered Safety Glass**  
Heat-tempered safety glass insures the safety of all family members and provides a clear weather shield that is three times stronger than regular glass.

**Non-Glare Fiberglass Screen**  
HGI's fiberglass screen won't dent or puncture like an aluminum screen and offers a clean, non-glare view.

**Heavy-Duty Pneumatic Closures**  
with wind chains provide smooth easy closing with a pull-close feature to insure proper latching.

**Choice of Hardware**  
Choose from our Albany in black or white, The Brookfield in six finishes or our Full Mortice Lever lock in four metallic finishes.

# HOME GUARD®

Home Guard Industries has been making doors & windows for over three decades. Quality has always been our first priority and the founding family still operates the company today. Our welded aluminum storm doors combine all the features of the best doors with the craftsmanship that is found in our small town Amish community. All HGI storm doors carry our exclusive lifetime warranty and will serve and beautify for as long as you own your own.

The HGI exclusive color match system insures that your powder coated storm door can match HGI entry doors, vinyl windows and sliding patio doors.

Jade Copper Vein Silver Vein Sedona

### Textured Finish Colors

These colors do not have a matching entry door or window color.

### Robotic Welded Corners

Our state-of-the-art robotic welder units ensure consistent quality, outstanding strength and HGI reliability in every door we build.

Due to the limitations of the printing process, printed colors will vary from the actual color. Please see your HGI representative for exact color samples.
